

Euro[®] Slate Pavers

Pathways, Feature areas, Entertaining areas, Pool surrounds

Euro® Slate Pavers - Bring European style to your backyard

Looking for the finishing touch for your courtyard, patio or pool surrounds? Adbri Masonry's Euro® Slate paving range features a distinctive surface texture which resembles natural slate. The range is available in an array of vibrant array of colours which will compliment and existing environment. The Euro® Slate paving range has been designed to meet all slip resistance criteria making them ideal for use in all wet or dry outdoor areas, stylish courtyards, feature areas and swimming pools surrounds. Euro® Slate pavers, the inspired solution for your next outdoor living area.

Features and benefits

- Vibrant array of natural colours.
- Manufactured in a mould – all pavers will be the same weight, size, height and shape, making them easier to lay.
- Product is highly compressed during production making the product stronger and more resilient to salt attack, water absorption and surface damage such as chipping and spalling.
- Feature a stylish textured surface finish which resembles natural slate, without the hassles associated with natural stone.
- Manufactured as a premium paver, tested in our state of the art NATA certified laboratory for performance against slipping, salt attack, efflorescence and breaking load.
- Available in bullnose for pool surrounds.

Euro® Slate has consistent size and shape formats

Euro® Slate	No. per	Av. kg per unit	No. per pallet	Unsealed slip resistance	Standard Edges
400 x 400 x 40	6.25 m ²	14.5	108	Very low risk of slipping on surface when wet	Bevelled Edge
